

Pianos, Organs, Musical Merchandise Selling for Greatly Reduced Prices at Consolidated Music Co.'s Big Removal Sale

Pianos are Going Rapidly and Each Day Sees Our Stock Decreased. Have You Made Your Selection?

A CALL WILL CONVINCE YOU THAT NOW IS THE TIME TO BUY A PIANO. GET A STANDARD INSTRUMENT FOR THE REGULAR PRICE OF A CHEAP MAKE AND PAY FOR IT ON YOUR OWN TERMS.

The announcement that we are retiring from business in Ogden, and before transferring our stock to the new company are conducting a final closing sale of pianos, organs, etc., at remarkably reduced prices has brought many people who are interested in musical instruments into our store, and the result is many pleased buyers.

Our last sale was a record breaker for low prices and pianos sold, but this sale is even more remarkable for the great reduction in prices, and we are sure that the number of pianos sold during this sale will greatly exceed anything previous to this time.

When one considers the makes of pianos going for the following prices, it is no wonder that we are selling so many at this time. Just think of a high grade art piano, made by one of the most prominent manufacturers in the U. S., which sells regularly in Chicago for \$600, now selling for \$398, and on your own terms.

A fine instrument, made by the same company, smaller case design, regular price \$500, goes for \$368. A cabinet grand art piano, regular price \$450, goes for \$333. One full size, high grade instrument, regular price \$425, to be sold for \$298. A \$400 instrument, for \$283. \$350 Upright for \$247. \$325 Upright for \$218. \$250 piano, conservatory size, for \$197. These pianos are not instruments that you have never seen or heard of, but high-grade pianos of well-known make.

We are agents for STEINWAY, SOHMER, ESTEY, HENRY F. MILLER, VOSE, KIMBALL, HOBART M. CABLE, LESTER, KOHLER & CAMPBELL and others.

A CALL WILL CONVINCE YOU

that now is the time to select your piano and pay for it as you are able. Terms from \$6 a month and up.

"Everything in Music." 2336 Washington Ave.

POLITICIAN GAINED FAME

BY CARRYING PROVO FOR THE INDEPENDENTS.

Eph Homer in Ogden on Business for the State—Provo Will Go Dry.

Eph Homer of Provo, chief engineer at the state insane asylum, is in Ogden inspecting the heating plant at the state industrial school. Mr. Homer is making an inspection of the plant at the request of Governor Spry.

It was Mr. Homer, as chairman of the Independent party, who carried Provo for that ticket at the last election. Both the Democratic and Republican parties of Provo declared in favor of prohibition at the recent election and the Independents stood for high license and strict regulation. Recently the present city council passed a prohibition law, to go into effect January 1, but Mr. Homer thinks the law will be repealed before it goes into effect.

Plenty of Pure Apple Cider at the Western Bottling Co.

STRONG TONE IN THE STOCK MARKET

"Melon Cutting" by the Wells-Fargo Express Company Announced—Copper Revives.

New York, Nov. 18.—The strong tone of stocks today was not accompanied by animation in the speculation. The most striking incident of the day's news was the announcement of the "melon cutting" by the Wells-Fargo Express company. The maximum dividend distribution on this stock up to the present has been 10 per cent yearly, the advance to that date representing a concession to demands from a clamorous minority of the stockholders. The high record price for the stock before the present year was 325. Today's announcement induced sales at 5.60.

The distribution amounts to three times the par value of the outstanding stock in cash, calling for \$24,000,000, while the capital is increased to three fold at the same time and the increase offered to present stockholders at par. The reinvestment of capital to be distributed might involve some ingenious reason as to the direct profit accruing, but the effect is sufficiently brilliant to appeal to investment holders of all similarly situated corporations.

The collateral topic came up for discussion how far this action might anticipate possible ineffectual activities by government authorities and legislators as to the conduct of an industry that yields such profits, especially in view of the contentions by the National authorities for the inclusion of the express companies as common carriers.

Various other high grade investment stocks rose buoyantly especially those for which the possession of "concealed assets" is claimed. The

FOOTBALL BANISHED

New York Schools Stop the Game Because of Injuries.

New York, Nov. 19.—Football has been banished from the New York schools by the board of supervisors because of the many accidents in which bones were broken and pupils were otherwise injured.

Revision of the rules has failed to eliminate the danger of the sport and the supervisors decided that the game should be abolished.

As the New York schools constitute the largest single body of football players, the blow to the game is considered severe and may have an effect throughout the country. It is understood that the supervisors corresponded with school directors in other cities and that the action taken is the result of a series of conferences and may extend to other school systems.

MEETING OF BROTHERS RESULTED IN DEATH.

Pittsburg, Nov. 19.—After being lost to his family for ten years, the shock of meeting his brother proved too much for Stephen Bassett, whose body was sent to New Rochelle, N. Y., early today.

While chatting with W. J. Bassett, a New York traveling man, an official of the Pressed Steel Car company of McKees Rocks, near here, said:

"We have an employee of your name in bad shape from pneumonia at a hospital here."

The traveling man suggested that they visit the hospital, mentioning that he had a brother who had been missing for ten years. Going to the ward, where the patient lay, the New Yorker discovered his longlost brother. The meeting was pathetic, but proved too much for the sick man, who died in a few hours.

It is said the dead man, who was 35 years of age, was the son of rich parents.

CHICAGO'S THANKSGIVING WILL COST ABOUT \$1,000,000.

Chicago, Nov. 19.—Fifty carloads of turkeys, one million pounds, valued at \$250,000, are being shipped to Chicago for Thanksgiving dinner, and for that item alone she will spend forty thousand dollars more than last year. Aside from the turkeys there will be an abundance of domestic chickens, ducks, geese, and about as large a quantity of prairie chickens, mallard ducks, quail and partridges, and a profusion of bear meat and venison, besides the usual beef, pork and mutton, all of which will cost anywhere from 20 to 50 per cent more than last season.

Conservative estimates made along South Water street are that fully \$1-

JOSEPH NELSON IS SUED FOR \$50,000.

Miss Emily Eborn, a Nurse, Asks Damages for Breach of Promise.

Salt Lake, Nov. 19.—Driven to the last extremity, Emily Eborn, Thursday, invoked the aid of the law in her distress, in the Third District court,

anthracite carriers come within this range.

The copiers were revived to some extent and there were reports of some recent large sales of the metal, which were put forward, however, without official authority attached.

The issuance of the call for reports of condition of national banks at the close of business November 16 has been expected to relieve the banks from some constraint in granting accommodations which they have been under while awaiting this call. The building up of the bank of England reserve to 54.06 per cent to liability gave a strong impression of the effectiveness of the recuperation of that institution.

Foreign financial markets seemed somewhat depressed today, however, with the political complexion threatened by the debate on the British budget. There was another engagement of gold made in New York for shipment to South America raising the total outgo for the present banking week on that account to \$4,400,000. United States bonds were unchanged on call.

MRS. STETSON IS EXCOMMUNICATED

Boston, Nov. 18.—An order of excommunication against Mrs. Augusta E. Stetson of New York for years regarded as one of the most prominent and powerful members of Christian science denomination, was issued today by the board of directors of the mother church of this city on supreme authority of the organization. In the order the directors stated that more than three days had convinced them of the truth of charges against Mrs. Stetson, namely, that she had worked against interests of the church, of members of the church who were not her followers and that she had persisted in teachings and practices that are contrary to Christian science.

Excommunication is rarely resorted to in the Christian science church and in view of Mrs. Stetson's prominence, today's action was regarded as most drastic. Mrs. Stetson formerly was first reader of the First Church of Christ Scientist, of New York City, and, until her suspension today, was pastor emeritus of that church at a salary of \$5,000 a year.

BOYS FROM TULSA, OKLA., HAVE WON THEIR WAGER.

Tulsa, Okla., Nov. 19.—Carl Livingston, one of two brothers who left here May 24, on a wager of \$1,000 each that they could go to the Seattle exposition and return to Tulsa by November 25 with \$500 earned on the trip, arrived here today and claimed the stake. Herman, the other brother, remained in California, but sent word he would return in time to claim the wager. He has already sent in the \$500 that he was to earn on the trip.

ENTIRE FEDERATION IS NOW IN CONTEMPT.

Toronto, Nov. 19.—Emphasizing its approval by a rising vote, the American Federation of Labor convention today adopted a committee report, endorsing the position taken by President Gompers in the case of Buck Stove & Range injunction case and protesting against the "unjudicial and intemperate language" used by Justice Wych in sentencing Gompers, Mitchell and Morrison to jail for contempt of court.

IN AN ACTION AGAINST JOSEPH NELSON, IN WHICH SHE CHARGES HIM WITH BREACH OF PROMISE, AND DEMANDS \$50,000.

Her complaint sets forth that on January 26, 1908, Nelson promised to marry her. Relying upon that promise, Miss Eborn submitted to the desires of Nelson on March 16, and at divers times thereafter. On June 12, of the present year, Miss Eborn requested Nelson to fulfill his promise of marriage, but "the defendant refused and then and there informed plaintiff that he could not and would not marry plaintiff at all, and still continues to refuse to marry plaintiff."

The complaint furthermore alleges that Nelson is a prominent citizen and resident of Salt Lake City, and "is in high standing in business and social circles, and, as plaintiff is injured and believes, and therefore alleges to be a fact, is the owner of property to the value of not less than \$400,000."

The seventh paragraph of the complaint relates that because of the loss of opportunities afforded by Nelson's promise of marriage in consequence of the breach, and because of "humiliation, degradation, pain, suffering and distress caused by said defendant," the plaintiff has been damaged to the extent of \$50,000, judgment for which she asks, together with costs of the suit.

MEETING OF BROTHERS RESULTED IN DEATH.

000,000 will be spent in Thanksgiving feasting and there are many well-to-do merchants who believe even that figure will be exceeded. All meats will cost more than a year ago and certain kinds will sell at higher prices than have been recorded since 1882.

Vegetables, on the other hand, will be cheaper, and there will be a big drop in the price of cranberries, although other fruits will be held at figures as high or higher than at this time last year.

JOE JEANNETTE AND SAM McVEY TO FIGHT.

New York, Nov. 19.—American sporting men are greatly interested in a report from Paris that Joe Jeannette and Sam McVey have been matched to fight thirty rounds there on December 11. The battle, which is the talk of Paris, is expected to draw a great crowd. The promoters have hung up a \$5,500 purse, of which the winner will receive \$3,500. Jeannette and McVey, both colored, met in Paris in a grueling mill last winter, and in the forty-ninth round McVey's seconds threw up the sponge, as the Californian was severely punished. But prior to that Jeannette was knocked down more than a dozen times and was on the verge of going to sleep on several occasions when his remarkable recuperative powers enabled him to continue.

RAILROAD SUPERINTENDENT HAS COUNT AS SECRETARY.

Wichita, Kan., Nov. 19.—That Count Heinrich Bondenbender, a member of an old Bavarian family, has been working here since last spring as a private secretary to A. H. Webb, a division superintendent of the Missouri Pacific railway, has just come to light.

To his associates the count has been known simply as Henry Bondenbender. He is in this country to study social economy and American business methods and has filled a number of varied positions. The count is 25 years old and speaks five languages. Mr. Webb himself was ignorant of his secretary's identity until a few days ago.

THIS CITY IS ABOUT TO ENFORCE STRICT ECONOMY.

Chicago, Nov. 19.—As a result of the Waukegan, Ill., voters defeating a \$5,000 bond issue proposition on Wednesday, Mayor Fred Buck, yesterday ordered the fire and police departments cut down to practically nothing and directed that all street lights be put out of commission.

From now on but one fireman will be on duty days and one during the night; one policeman will be on duty one night, and no street work will be authorized. The firemen will drive the hose wagon and the citizens will have to take the hose.

The North Shore Electric company had agreed not to turn off the electric lights at present, but will take its chances of collecting its pay.

MRS. BELMONT IS RECEIVING MANY PROPOSALS OF MARRIAGE.

New York, Nov. 19.—Mrs. O. H. P. Belmont, one of the leaders of the

woman's suffragist movement, has been the recipient of many proposals of marriage by mail. She particularly mentioned a Chicago lawyer who declares that "with your money and my brains, we ought to get the ballot for woman."

Proposals which will give the suffragists financial aid have come from different people. One man has a patent car wheel, which, if the suffragists will stand sponsor for, he says, will make fortunes for their cause. A woman wishes to have a million-dollar lot put up, to be conducted on behalf of the cause.

LARGEST SANATORIUM IN THE WORLD TO BE ESTABLISHED.

Chicago, Nov. 19.—Twenty-five prominent physicians and surgeons of Chicago met last night at the Chicago Athletic club and launched a plan for the establishment of one of the largest sanatoriums in the world. This proposed institution will be used exclusively for those suffering from tuberculosis, who, while not poor enough to accept aid from state or county institutions, are not able to provide for the travel and care they need.

An effort will be made to limit admissions to cases which give promise of cure.

Between 100,000 and 200,000 acres of land in New Mexico will be purchased and, when fully improved, will accommodate more than one thousand patients.

THEY FEAR THE EXPLOSION OF BOMB IN GALLERY.

Chicago, Nov. 19.—The fear that the next explosion in Chicago will take place in the Board of Trade building and imperil the lives of more than 2,000 members and employees, resulted yesterday in the galleries being closed. They will remain inaccessible to visitors pending the adoption of a new set of rules.

A few weeks ago a letter was received by Chief of Police Steward, in which the writer complained in strong terms against the practice of indemnity trading in the smoking room of the Board of Trade building. The communication also contained a suggestion that a bomb might be exploded in the building.

MIXING ATHLETICS AND RELIGION IN A CLASS.

Philadelphia, Nov. 18.—A J. Drexel Biddle, is devoting four nights a week to religious work. The success he has met in building up his bible class in Holy Trinity church by mixing athletics and religion has brought invitations from several other churches to inaugurate his work with them.

In the church of St. John, the Evangelist, where he and his bible class took hold of the Sunday school which had dwindled to the point of disbandment, Rev. Edward Earle, the pastor, says the result has been to double the attendance of the school. Mr. Biddle's work has made a big hit. He has branches of his class in various parts of the city and all are flourishing.

RATHER DIE THAN BE AN OBJECT OF CHARITY.

San Francisco, Nov. 19.—Mrs. Clara Temple, the divorced wife of

For a young man to win out in this world the most important characteristic for him to possess is confidence in himself. We're all human, and it's important to have good clothes to strengthen a man's confidence.

Here is the right suit for you. Follow the suit of other successful men—we are dressing them.

KUHN'S

SHOP
WASH. AVE. AT 2365

Attorney Warner Temple, sought to end her life yesterday because, she said, she faced utter want and the thought of life as an object of charity was intolerable to her. Mrs. Temple swallowed nearly an ounce of carbolic acid, but received such prompt treatment that it is stated she will recover.

The temples were married at the British embassy in Paris nineteen years ago. The husband was a baronet of social prominence and the girl was attached to Queen Victoria's court. The couple were divorced several years ago and the woman has passed through every stage of poverty since that time, and two days ago she went to J. C. Westenberg, head of the Whosever-Will mission, and told him that she had been without food for two days. He promised her aid and gave her temporary assistance, but she failed to keep an appointment with him.

DEAD MAN SUPPOSED TO BE HARRY E. FRANKLIN, BUFFALO.

Seattle, Wash., Nov. 19.—Graders employed in construction work on the Chicago, Milwaukee and Puget Sound railway yesterday found the body of a man believed to be Harry E. Franklin of Buffalo, N. Y., hanging to a cypress overlooking Cedar river. Franklin committed suicide in a sensational manner. Several weeks ago he went to work in the camp under the name of Harry E. Wallace. He said that he was a stenographer, but that he was roughing it for his health. He became despondent and frequently talked of killing himself. Wednesday night he gave his temporary jump over a 300-foot embankment. His body caught on a cypress tree and

The back parlor was artistically decorated with chrysanthemums and autumn leaves and in one corner of the room was a large punch bowl which was presided over by Miss Erna Williams.

After enjoying the evening with music and merry-making, the guests adjourned to the spacious dining hall, where a fine supper was served. During the supper a three-story wedding cake, which had been made by the bride's grandmother, Mrs. Ballinger, who is seventy-eight years of age, was cut and given to the guests.

The young couple received many beautiful and serviceable presents. Finger marks and stains on porcelain, wood and window panes can be easily removed with coal oil on a clean cloth.
